COMPANY PROFILE

Founded more than a decade ago, Artist Nation is a full-service agency specializing in Event Management, Brand Management and Entertainment. Artist Nation is the brain child of Mr. Cigi George and Mr. Shaji Thomas Philip. They are Event and Brand Guru's with a combined experience of 35 years in Indian sub continent and Middle East. We have a handpicked team of professionals and strategic partners to deliver outstanding event solutions to all our clients. From small start-up companies to large multinationals, Artist Nation has a wide range of clients across diverse industries around the world. We ensure that we precisely understand the needs of our clients and deliver professional services that adeptly melds with their requirements. We provide end-to-end solutions for clients who want something a little more engaging and interactive than simple PowerPoint presentations for their brands and events. Our extensive range of services includes venue selection, 3D graphic designing, LED walls, digital AV production design, stage design, logistical management, team build activities, interactive audience engagement and a number of modules specifically designed to measure return on investment. Our professional expertise in event management will ensure that your event is best in class and remembered for a long time to come.

So say hello, or drop us a line, should you need to create something extraordinary for your brand.
